Rise, Tarnished, and face the challenge of the Dark Lord as you take your revenge from the mysterious place between the previous day and the next day in the Lands Between. As the character that you create, you wander through a spacious world to solve the mysterious incidents that have occurred in the Lands Between. In order to strengthen the strength of the Elden Ring, you must brave the threats that lurk in the depths of the world and explore the unique dungeons hidden in the Lands Between. *Notice: Windows user: please make sure that you have installed the latest version of DirectX 10, and you should specify the display configuration (16:9, Full screen, 16:9) when you play. Mac user: Please verify that you have installed the latest version of OS X 10.9 or later, and you should specify the display configuration (16:9, Full screen, 16:9) when you play. Note: The operating system and basic functions of the game may be different from those of other games. The camera angle is different from other games, and you can view your back while moving. Introduction of Characters and Dungeons (0:00 ~ 2:45) ◆ Character Introduction Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between. ◆ Create your own Character In addition to customizing the appearance of your character, you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic. ◆ Storyline and System A multilayered story told in fragments. An epic drama in which the various thoughts of the characters intersect in the Lands Between. ◆ World A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment. ◆ Multiplayer System A unique online element that allows you to feel the presence of others in the world. ◆ Battle System Turn based battle system allows you to enjoy the gameplay up until the end. New Item System In addition to enhancing existing items with

Elden Ring Features Key:

Character Creation
Battle Mechanics
Multiple Job Classes
A World of Barbaric Creatures and Magic
A Collection of Mysterious Encounters
A Dynamic Campaign with its own sense of progression
A rich world full of options and upgrades
Action RPGs that I haven't played previously (Togashi Yokuni, The Witcher, Bloodborne)

Dead or Alive 5 has a character creation screen that allows you to choose one of seven fighters at the start of each new battle. This may not be as easy as it sounds. Some of the character customization options are clearly unorthodox; for example, you can turn your character into a beefy manly man. I found it a bit painful to play around with, because I'm not used to changing my character's general appearance after just one game.

Pre-release Notes

They've been officially playing the game since September 2014, with ongoing beta testing. It'll be hard to get a grasp of the game without actually playing it. The introductory video doesn't give much of a sense of how the game plays. It gives the impression that it's just like Okami, but with bug attacks.

However, there are nice touches like the sense of intimacy evoked by the power of control, the unbalanced and noisy tokusatsu-like appearance of both the characters and enemies, the insane joy of getting a sick rush during action scenes, and the aesthetics of the gradual transition between cat and monster.
