It's great for people who want to dress up while keeping in touch with friends." AppStore "LX Pattern is to all dress up games as Mario Goonies is to all platform games. It's one of those games that you can play for just 5-10 minutes at a time, but at some point you're going to realize you just can't stop playing it! It has some great art design, and a great story about a friendship. The creators of the game should be thanked for making this game. It's filled with great little touches." PlayTheGame.com "LX Patterns is a game that will leave you laughing and a bit overwhelmed at the same time. A hilarious and fun game that will have you trading your items to your friends via Facebook. LX Pattern is also ideal for young and old gamers alike." ThemeParkDiary.com • HOW TO
