Aerotrain: To the New Frontier is an addon pack for Train Simulator featuring an interchangeable Locomotive and a Re-Scripted Passenger Train Set based on the GM Aerotrains used by railroads across the United States. The GM Aerotrains design team was able to dramatically change the look and feel of passenger trainsets and in the early 1950's, streamlined elements were used to deliver an even more dramatic appearance on new locomotive designs. This addon pack challenges you to engage in a US-wide race for the best high speed train service. You will be able to travel across the country in the GM Aerotrains and defend your best time to the rule!

Aerotrain: To the New Frontier Features: 3x Aerotrains loco All in-game scenery available as pre-installed 2x Train Set 2x Coach Interior 2x Car Interior A set of cab interior which will work with any loco Made from scratch in the in-game project files File ready to load straight into a game Please note - You will need to purchase the GM Aerotrains addon pack before adding these assets Full Resource Pack will be released soon and you are welcome to download at a later date. This is a premium addon IMPORTANT In order to play the content that has been downloaded, you must have version 1.6.3 of the game. Q: WPF - Background image isn't stretching across entire Window I'm trying to put a background image on my Window, but it's not stretching across the entire Window, but rather it's squished up (see below). Does anyone know how I could achieve a stretching across the entire Window background image? EDIT: This is my window class: using System.Windows; namespace WindowsFormsApplication3 { /// /// Interaction logic for MainWindow.xaml /// public partial class MainWindow : Window { public MainWindow() { InitializeComponent(); this.Background = new BitmapImage(new Uri("C:\\Users\\D\\Pictures\\Unknown.JPG")); } } } A: A window will always have it's full width and height by default. If you want the image to stretch across the

[Rashkas-on-Rasfrad's-and-Rsqws] The "Standard Edition" includes a story plus 60 RPG scenes and 1000 scenario pieces. This DLC will include some of the original pieces and 70+ new additional story scenes. You can play an additional game by connecting the original version of "Fuga: Melodies of Steel" to this DLC. [Brief Introduction to the DLC] The major plot line of the "Sights of Stories" DLC contains 70 additional story scenes. All of these scenes is a scenery event or a major event that does not appear in the original. Some of these scenes are occurred in an important battle, where a character's strength is revealed. You can get even closer views of each character's strength in this DLC, as well as discovering and trying different things. Furthermore, there are new storylines featuring a major character that was only a minor character in the original game. You will be able to take part in these story events. [Character in charge of the DLC] The story for the "Sights of Stories" DLC was conceived by the composer Tatsuya Minami and the scenarist Yuko Yamada. Tatsuya Minami and Yuko Yamada were chosen to take part in the original game by being selected from a large number of scenarios. Yuko Yamada's scenarist works are represented by "Final Fantasy XII", "Final Fantasy XIII", "Final Fantasy XIII-2", "Final Fantasy Type-0", and "Final Fantasy VII". The original scenario of "Fuga: Melodies of Steel" was created by the composer of the music for "Final Fantasy VII" and for the rest of "Final Fantasy" series, Yoshino Aoki. [Additional Notes] *If you need to purchase the DLC again after upgrading from the standard edition, this DLC will be sold separately. *This DLC cannot be added to previous standard edition of "Fuga: Melodies of Steel." *If you add this DLC to the version of "Fuga: Melodies of Steel" purchased from the PlayStation Store, the DLC from the previous purchase will be canceled and this DLC will be activated instead. *Before purchasing this DLC, you should check the compatibility and the system requirements. *This DLC is compatible with PlayStation Vita. *This DLC is compatible with "Fuga: Melodies of Steel". *You can use the in-game

What's new:

The Reigning Cats are an athletic teams from the City University of New York located within the Kensington campus of Queens College, which is a part of CUNY. Previously known as the City College-Queens Varsity, the Catamounts are the athletics teams for Queens College and are currently a member of NCAA Division III and the Northeast-10 Conference. The Cats are of particular importance to Queens College alumni, many of whom live in New York City, and especially notable among sports alumni is Cybill Shepherd, former actress. History The name was originally used for the 1920-1921 men's basketball team. As the sport became more popular, the team was reassigned to men's and women's track and field. Over the years, the nickname changed several times, including Wrestlers, Maulers, Tigers (1962) and again Maulers (1986). Finally, in 1986, the team name was changed to the present "Cats." The 2003-2004 Cats were the school's first CUNY athletics championship team, as the men's basketball team won the NEWMAC (New England Men's and Women's Athletic Conference). The 2005-2006 team claimed the Northeast-10 Conference Championship. The 2006-2007 Cats were named Perfect Public School by the NCAA, winning 51 straight games, and were again named National Finalists in the National Capital Region's Scholastic Bowl Championship, the first in school history. The Catamounts were the only public school to receive a Perfect Public School recognition for three consecutive years, and the first public school to have three Perfect Public Schools in consecutive years (2003-2004 and 2004-2005). The 2007-2008 Catamounts won the NCAA Region III Championship. The Catamounts won the 2008-2009 NCAA Region III Championship and placed second in the 2009-2010 NCAA Region III Championship. For the 10th year in a row, Queens won the region title and placed third overall (not counting the national championship). In 2010, Queens won their first national championship. Sonic Adventure is set in the blue-colored world of Shadow, a two-dimensional world in which time flows in one direction only. The story takes place over a period of just one year. [Story] The world of Shadow was created by a mysterious race known as the Chaos Emeralds, and the story begins with Sonic and his friends investigating the disappearance of Chao, a young boy who vanished shortly after discovering a new Chaos Emerald. Sonic and his friends soon discover that the Chaos Emeralds are disappearing at a dangerous rate, and it falls to Sonic and his friends to find and return the Chaos Emeralds before they are all gone. [Gameplay] The gameplay features familiar elements from the original 2D side-scrolling adventures, such as the new Dash ability, which enables Sonic to move rapidly across the level, and the Ring Drive, which allows Sonic to perform 3D jumping maneuvers. A simple but effective battle system is also included, with Sonic being able to put the brakes on and execute new attack moves as he and his foes make contact. [Characters] Sonic has the power to create both sound and light, and he is joined by the rest of his friends, who come with their own unique abilities. Together they must join forces with a group of animals called the Mobiles, who have been protecting the forest which holds the source of the Chaos Emeralds.
