
Dead Ringers 1988 David Cronenberg Torrent

Your classic "GOD DAMN THAT WAS SO GOOD!" Cronenberg does the occult comedy, and it is bloody damn good. I think the film is underrated, as it's not as well known or popular as it should be. It will make you mad that it wasn't a big hit, in my opinion. The story is good enough to make you feel like you're watching a great flick, but it's so damn bad its ok to laugh at. There is one frame that tickled me, because it's so damn damn funny. Cronenberg plays off of the fly as the epitome of boring science, but in a sly way that actually makes you understand what a bore he is. "A fly being a fly...". Yes, the fly could work with any new invention, and Cronenberg's humor makes you laugh, not because of your attention span but because it's the only way to combat being grossed out by what is being talked about in the film. I can't say enough good things about this movie, it's worth the time of anyone who loves classic Cronenberg (and I hope you do). I also suggest watching "The Fly" as a guide, so you get an idea how good this movie was. It's certainly not the best film I've ever seen, but Dead Ringers will forever be remembered as one of the best horror movies ever made. One of the best ones, period. This is one of those movies that has a very strong tone of being exactly like how you imagine it would be if you were seeing a horror movie. It's really fantastic and gets better and better with each viewing. I'll confess that I have not seen this in a long time, so I can't give you much more insight into why it's so good, but it's definitely worth your time.
